This matter comes before the Public Service Commission of South Carolina (“Commission”) on a request by Duke Energy Carolinas, LLC (“DEC”) and Duke Energy Progress, LLC (“DEP”) to revise their Schedules PP (SC) Purchased Power and PP Purchased Power, respectively, and Terms and Conditions for each. As a result of collaboration with various stakeholders, DEC and DEP have proposed to replace the avoided cost rates originally filed with the Commission on October 13, 2015, with the standard avoided cost tariff rates for Option B approved in North Carolina Utilities Commission Docket E-100, sub 140, applicable for variable, five-year, and ten-year terms for Qualifying Facilities (“QFs”) two Megawatts (“MW”) and under. All rates for QFs above two MW, or otherwise ineligible for the standard tariffs, shall be negotiated under

the Public Utility Regulatory Policies Act of 1978 and the Federal Energy Regulatory Commission's implementing regulations.

The Office of Regulatory Staff has recommended that the proposed revisions be approved. The Commission has reviewed the requests and the ORS's recommendations and found the proposed revisions to be in the public interest. We hereby approve the proposed revisions, effective July 1, 2016. The revised tariffs, Revised Schedules PP (SC) and PP respectively, are approved without notice or hearing, pursuant to S.C. Code Ann. § 58-27-870(F), since said tariffs will not result in rate increases to the electric utilities. Schedule PP will replace the existing Schedule CSP for DEP. DEC and DEP shall file the revised tariffs using the Commission's E-Tariff system within ten (10) days of receipt of this Order.

This Order shall remain in full force and effect until further order of the Commission.
